Intro to Regents Physics

This is your first true homework assignment of the year. In order to start yourself off on the right track please do the following in your assignment:

- Include a proper heading with assignment number.
- Type/write the assignment in a **clear and easy to read font**.
- Use full and complete English sentences.
- Staple any loose pages together. (Do not staple this page to your assignment.)

Part 1

- Provide at least two different definitions of “physics”.
- Cite your source(s).

Part 2

- Go on the internet and check out the following websites.
 - <http://www.physics.org/careers.asp?contentid=381>
 - <http://www.spsnational.org/cup/home.html>
 - <http://www.phys-astro.sonoma.edu/advisor/Jobs.html>
 - <http://www.aip.org/careersvc/pify/indigo.html>

Part 3

- Make a numbered list of 25 professions involving a background in physics.

Part 4

- E-mail me at dmoy@ryeneck.org to tell me two facts about yourself.. Put your name & period in the subject line. **Please use your Rye Neck email account.**
